

President-elect Vacancy on OSPA Board of Directors
Barbara Martin, PA-C

Last November, OSPA lost a dedicated and active member when Stephanie Granvall, PA-C, the 2010-2011 OSPA president-elect, made a career move that took her across the country to Bethesda, MD, to practice surgery at John Hopkins University. We are happy to report she is settling in well.

In 2010, Stephanie was awarded the OSPA PA of the Year award, and we thank her for her many years of service and involvement with OSPA. She was active on the board, and served on the communications committee, responsible for the OSPA newsletter and the CME committee, planning OSPA's fall and spring medical updates.

Stephanie's departure leaves the OSPA president-elect position for 2010-11 vacant. At this point we have not had any interested parties volunteer to run in a special election for this short-term position. Therefore, the board and current President, Barbara Martin, plan to extend the term of Martin's presidency through July 2012 (but if you are interested in this position, please contact us!). Elections for board positions, including president-elect and director at large, open this spring. There are many other opportunities for involvement with OSPA on committees and a variety of other activities. Please contact us for more information. We'd love to have you!
